FILING OF CHALLENGES

§ 1907.11 Prerequisites.

The Central Intelligence Agency has established liaison and procedures with many agencies for declassification issues. Prior to reliance on this Part, authorized holders are required to first exhaust such established administrative procedures for the review of classified information. Further information on these procedures is available from the point of contact, see 32 CFR 1907.03.

§ 1907.12 Requirements as to form.

The challenge shall include identification of the challenger by full name

§ 1907.13

and title of position, verification of security clearance or other basis of authority, and an identification of the documents or portions of documents or information at issue. The challenge shall also, in detailed and factual terms, identify and describe the reasons why it is believed that the information is not protected by one or more of the §1.5 provisions, that the release of the information would not cause damage to the national security, or that the information should be declassified due to the passage of time. The challenge must be properly classified; in this regard, until the challenge is decided, the authorized holder must treat the challenge, the information being challenged, and any related or explanatory information as classified at the same level as the current classification of the information in dispute.

§ 1907.13 Identification of material at issue.

Authorized holders shall append the documents at issue and clearly mark those portions subject to the challenge. If information not in documentary form is in issue, the challenge shall state so clearly and present or otherwise refer with specificity to that information in the body of the challenge.

§ 1907.14 Transmission.

Authorized holders must direct challenge requests to the CIA as specified in § 1907.03. The classified nature of the challenge, as well as the appended documents, require that the holder transmit same in full accordance with established security procedures. In general, registered U.S. mail is approved for SECRET, non-compartmented material; higher classifications require use of approved Top Secret facsimile machines or CIA-approved couriers. Further information is available from the CIA as well as corporate or other federal agency security departments.

The Executive Secretary of the Agency Release Panel shall within ten (10) days record each challenge received under this Part, acknowledge receipt

§ 1907.22 Challenges barred by res judicata.

The Executive Secretary of the Agency Release Panel shall respond on behalf of the Panel and deny any challenge where the information in question has been the subject of a classification review within the previous two (2) years or is the subject of pending litigation in the federal courts.

§ 1907.23 Response by originator(s) and/or any interested party.

(a) *In general.* The originator of the classified information (document) is a required party to any challenge; other interested parties may become involved through the request of the Executive Secretary or the originator when it is determined that some or all of the information is also within their official cognizance.

(b) *Determination.* These parties shall respond in writing to the Executive Secretary of the Agency Release Panel with a mandatory unclassified finding, to the greatest extent possible, and an optional classified addendum. This finding shall agree to a declassification or, in specific and factual terms, explain the basis for continued classification including identification of the category of information, the harm to national security which could be expected to result from disclosure, and, if older than ten (10) years, the basis for the extension of classification time under §§1.6 and 3.4 of this Order. These parties shall also provide a statement as to whether or not there is any other statutory, common law, or Constitutional basis for withholding as required by §6.1(c) of this Order.

(c) *Time.* The determination(s) shall be provided on a "first-in, first-out" basis with respect to all challenges pending under this section and shall be accomplished expeditiously taking into account the requirements of the authorized holder as well as the business requirements of the originator including their responsibilities under the
